EXPERIENCE

Cloud Counselage

React js Internship

July 2023 – September 2023

Online

- Recently completed internship at cloud counselage, gained experience in Reactjs development and contributing to project called Thunder-H.
- It is a LinkedIn clone, where I implemented user authentication, profile creation, and a news feed feature to simulate the LinkedIn experience.
- TechStack: React Redux, Firebase

PROJECTS

Chat Application

- This project facilitates real-time communication and photo sharing between users, enhancing their interpersonal connections and making it a versatile and engaging social tool
- It offers seamless registration with just an email, strong password security, and the ability to set profile photos, making it user-friendly
- Techstack: React js, Firebase

CERTIFICATIONS

- Full stack web development(MERN)
- VR and AR development
- Video editing

ACHIEVEMENTS

- English Typing Distinction
- Completed Cloud Counselage Internship

HOBBIES

- Content Creation on Youtube
- Writing Stories
